DECLINE IN FEVER CASES.

Expected to Be Steady From Now on
at New Orleans.

New Orleans, Sept. 29.—Following is
the official yellow fever report up to
6 p. m. Thursday:

New cases, 23; total cases to date,
2,941; deaths, 4; total deaths, 384;
new sub-fatal, 8; cases under treat-
ment, 261; cases discharged, 2,296.

The indications of a larger list of
new cases Thursday because of the
large list of suspicious cases reported
the day before, were verified, but at
that the number of new cases is small
and shows that a steady decline may
be expected henceforth. The country
reports are:

Tallahul and vicinity, 3 new cases;
near Napoleonville, 2 positive, 2 sus-
picious cases; Alexandria, 1 new case;
Terre Bonne parish, 1 new case;
Baton Rouge, 1 new case; Patterson,
8 new cases, 2 deaths; Kenner, 4 new
cases, 1 death; Barataria country, 2
new cases.

Yellow Fever in Florida.

Pensacola, Fla., Sept. 29.—Follow-
ing is the official yellow fever report
to 6 p. m. Thursday: New cases, 7;
total to date, 122; deaths, 5; total to
date, 21; cases under treatment, 53;
cases discharged, 48. The small num-
ber of new and suspicious cases is an
encouraging feature. The high mor-
tality is without doubt due to the fact
that the ailment was not reported in
its early stages.

UNREST IN HUNGARY

NO ABATEMENT OF THE POPULAR
FEELING PREVAILING IN
THAT COUNTRY.

POLICE PREVENT DISORDERS

DISPERSE SOCIALISTS BEFORE
THEY HAVE AN OPPORTUN-
ITY TO START RIOTS.

Budapest, Sept. 29.—There is no
abatement of the popular unrest, al-
though Thursday passed off without
serious outbreaks in any quarters.
The Socialists gathered again Thurs-
day night, this time in front of the
Imperial club, but the police were
more energetic than they were
Wednesday night and dispersed the
groups as soon as they formed, thus
preventing disorder. A meeting of
students at night passed off without
incident. At a meeting of Democratic
clubs it was decided to hold a grand
torchlight procession in the near fu-
ture. This decision gives rise to
some uneasiness and it is possible
that the procession will be post-
poned until after the convention of
the supporters of the coalition parties
Oct. 3.

Reports from the provinces show in-
creasing support for the coalition par-
ties, but notwithstanding this there is
a very considerable element in Hun-
gary outside the Socialist ranks that
continues to remain in opposition to
the coalition. This element is en-
couraged by well authenticated re-
ports from Austria of an almost uni-
form sentiment in favor of the crown
and that even the Austrian Socialists
are opposing the Hungarian move-
ment because the coalition is opposed
to universal suffrage in Hungary.

The coalition leaders, realizing the
presence of a decided anti-Magyarian
tendency among many influential per-
sons, are losing no opportunity to
strengthen their position. Francis
Kossuth demands the union of all
Hungarian parties "for the defense of
the Hungarian constitution," and it is
believed that a private meeting of
deputies which has been called for
Oct. 2, the day before the great con-
vention, may formulate plans to se-
cure such a union.

Distracted by Conflicting Advices.

The court at Vienna is reported to
be distracted by conflicting advice.
Many Hungarian politicians of in-
fluence have advised the king-em-
peror to yield on certain points, and it
is reported that others are seeking to
secure his majesty's favor by advis-
ing persistence of Francis Joseph in
his stand.

The failure of Baron Fejervary's au-
dience of the emperor Thursday to
bring about a solution of the difficulty
is hailed by the members of the coal-
ition as favorable to their cause.

It is understood that the emperor
has expressed a desire to see Count
Albin Czaky, president of the upper
house of the Hungarian diet, and that
the count will be given an audience
next Sunday. It is known that Count
Czaky advocates peace with the coal-
ition.

It is also learned from a high au-
thority that the position of Count
Goluchowski, the Austrian foreign
minister, is so shaken that he will re-
sign within a few weeks. It is possi-
ble his successor will be M. de
Szogyeny-Marich, present ambassador
to Germany, and that Count Goluchow-
ski will succeed to the Paris embassy.

It is reported that provincial cities
are preparing to send a massed dele-
gation to Budapest on Oct. 2 in order
to offset the proposed Socialist demon-
stration of fifty thousand workmen for
universal suffrage.

Commanding officers of regiments in
various sections of the country have
refused leaves of absence to subordi-
nate officers until the situation be-
comes clearer. All sorts of rumors
are afloat, which have the effect of
keeping popular sentiment aflame; but
the best informed persons believe the
efforts of the conservative element
will shortly be felt and that a solution
of the difficulty will be reached with-
out a rupture of the dual realm.

ROSE DEFIES THE GRAND JURY.

Mayor of Milwaukee Tells of His Ap-
pearance Before That Body.

Milwaukee, Sept. 29.—Mayor Rose
had no hesitation in announcing what
he told the grand jury when ques-
tioned by that body. From his ac-
count he practically read the riot act
to the inquisitors and defied them to
bring an indictment against him if
they could.

He discussed the street railway
franchise of 1900 and the contracts
or asphalt pavements and indulged in
sharp comments against District At-
torney McGovern and his assistant,
Henry F. Cochems. No mention was
made of gambling.

NEXT LAND CONSPIRACY CASE.

Will Probably Be That of the Govern-
ment Against W. N. Jones.

Washington, Sept. 29.—Secretary of
the Interior Hitchcock Thursday in-
timated that the next alleged land
conspiracy case to receive the atten-
tion of the government probably will
be that of W. N. Jones, a big lumber-
man of Portland, Ore., following the
cases against Representative Binger
Hermann of Oregon, ex-commissioner
of the general land office, who was in-
dicted in Oregon, and also in the Dis-
trict of Columbia.

"Some men in official positions who
have been convicted, complain that
their salaries are too low and try to
excuse themselves on that ground,"
said Secretary Hitchcock. "If official
salaries are too low they ought to be
increased. It is more honorable to in-
crease official salaries than to try to
make up the deficit by crime."

Secretary Hitchcock complained
about the difficulties placed in the way
of the government cases. Every ob-
stacle possible, he declared, was being
interposed to block the government in
its prosecutions.

MEXICANS INSULT FOREIGNERS.

United States Consul Long Will De-
mand an Apology.

El Paso, Tex., Sept. 29.—During the
celebration of a Mexican holiday in
Parral, state of Chihuahua, some Mex-
icans grossly insulted the Americans
and other foreigners on streets and
even stoned the houses of the foreign
residents. The better element of
Mexicans, however, did not participate
in the demonstration. The foreigners
held mass meetings and put the mat-
ter in the hands of United States
Consul Long, who is the only foreign
consul in that city. He will demand
an apology.

SLAIN IN COLD BLOOD

TEXAS WOMAN AND FOUR OF HER
CHILDREN ARE BRUTALLY
MURDERED.

Edna, Tex., Sept. 29.—Mrs. A. J.
Conditt and four children, a daughter
of thirteen and three boys from six to
ten years old, were murdered in cold
blood at their home near here Thurs-
day. The mother and daughter were
assaulted and their bodies brutally
disfigured. A baby about two years
old was the only one left alive. All of
them seemed to have been murdered
with some blunt instrument. Their
heads were crushed and their throats
cut with a knife or razor. The girl
and mother were killed in the house,
the boys were killed about 100 yards
away. Mr. Conditt was away work-
ing in the rice fields. A negro boy
about twelve years old was plowing
in a field near the house at the time
of the killing and heard the children
screaming. He saw a man running
after a woman who was running
around the house. Being afraid to go
to the house, he ran to a neighbor's
and told what he had seen. The party
informed ran to the place and found
the five members of the family killed.
Officers were informed at once and
the entire country is out in search of
the murderers. It is supposed there
were two of them. Dogs have been
sent for.

AGREEMENT IS SIGNED.

Franco-German Negotiations on Sub-
ject of Morocco End Peacefully.

Paris, Sept. 29.—Premier Rouvier
and Prince von Radolin, the German
ambassador, at noon signed the
Franco-German accord concerning the
Moroccan conference, thus definitely
terminating the difficult negotiations.

Preceding the signature Dr. Rosen,
representing Germany, and M. Revoil,
in behalf of France, met at the foreign
office and went over the final details
of the protocol.

The official text of the Franco-Ger-
man accord on the subject of Morocco
as given out says:

"The negotiations between France
and Germany concerning the pro-
gramme for the conference on Moroc-
can affairs has successfully ter-
minated. Accord is reached upon a
programme comprising the organiza-
tion of the police; the regulation and
repression of contraband arms; finan-
cial reforms, consisting principally of
the organization of a state bank and
also the best means of collecting du-
ties and the creation of new means of
revenue and also the determination of
principles destined to safeguard the
economic liberty of Morocco."

Nine Germans Killed.

Cape Town, Sept. 29.—The insurgent
Chief Morengo in an engagement Sept.
26 in German Southwest Africa cap-
tured 200 horses from the Germans.
Nine Germans were killed.

Four Italians Killed.

Elkins, W. Va., Sept. 29.—Camp No.
13 on the Coal and Coke railway, sus-
tained the reputation of that unlucky
number during the day when four
Italians employed on construction
were blown to pieces by the prema-
ture explosion of a blast of dynamite.

WORK OF A FORGER

NEW YORK BANK VICTIMIZED
OUT OF SOME VALUABLE
SECURITIES.

WORKED A SMOOTH SWINDLE

CLEVER INDIVIDUAL MANAGED
TO OBTAIN PROPERTY OF
GREAT VALUE.

New York, Sept. 29.—The details of
a scheme whereby a prominent local
financial institution was recently vic-
timized by a clever forger came out
Thursday. The forger presented a
bogus check bearing the name of a
well known stock exchange firm and
received in return securities valued
at about \$360,000. The name of the
institution is not disclosed, but it is
believed to be a prominent national
bank operating in the financial dis-
trict.

Pearl & Co., stockbrokers at 27
Williams street, recently negotiated a
one day loan for \$300,000 with this un-
named institution. On Wednesday a
check for the amount of the loan, plus
\$37.50 for the one day's interest, was
presented at this bank by a stranger
who received the securities deposited
by Pearl & Co. for their loan. The
bank on which the broker's check was
drawn was one with which Pearl &
Co. never had an account so the for-
ger was not discovered until the
check had passed through the clear-
ing house exchange, when it was
promptly branded as fictitious. A pri-
vate detective agency was called in
and transfer of the securities was at
once stopped. The detectives intimate
they have a clue to the identity of the
forger, who is believed to have had
one or more accomplices.

It is believed that the former had
an intimate knowledge of Pearl &
Co.'s affairs.

The firm of Pearl & Co. consists of
Dyer Pearl and Slayback. Mr. Pearl
is now in Europe. The members of
the firm own stock exchange seats
and their operations on the board have
at various times been very extensive.

The securities offered by Pearl &
Co. for their loan and surrendered by
the bank for a piece of worthless pa-
per include 1,000 shares United States
Steel common; 1,000 shares Rock Is-
land common; 1,000 shares Metro-
politan street railway; 700 shares Mis-
souri Pacific; 200 shares North Ameri-
can company; 47 American Tobacco
company 6 per cent bonds and some
Wabash debenture B bonds.

It has been ascertained that the in-
stitution victimized was the National
City bank of this city.

GIFT FROM MISS HELEN GOULD.

Railway Y. M. C. A. Building to Be
Erected in St. Louis.

Detroit, Sept. 29.—Miss Helen M.
Gould has agreed to give \$150,000 for

a railroad Young Mens' Christian as-
sociation building at St. Louis. This
announcement was the feature of the
opening day of the twelfth interna-
tional conference of the railroad depart-
ment of the Y. M. C. A. Although
the announcement was not made pub-
licly at any of the sessions of the con-
vention which opened here Thursday,
it was given out on the authority of
Fred B. Shipp, the Y. M. C. A. sec-
retary who has charge of Y. M. C. A.
work on the Gould lines. The build-
ing will be a memorial to Miss Gould's
father, the late Jay Gould, and will
probably be completed by Sept. 1,
1906.

It is expected that work on the
building will be begun by Nov. 1.

AUTO HITS STREET CAR.

Twelve Persons Injured in an Ac-
cident at Lima, O.

Lima, O., Sept. 29.—Dashing down
a hill on Elm street at thirty miles
an hour, Elmer E. Rudy, with his wife
and Mr. and Mrs. George Wood, in
his automobile, struck a street car
Thursday evening.

The car was thrown from the
tracks and ran 100 feet into the gut-
ter. The automobile was reduced to
junk. Mrs. Wood was thrown on her
head and is still unconscious. Mrs.
Rudy was also seriously injured. Ten
passengers on the trolley car were
bruised. Messrs. Rudy and Wood are
in the hands of surgeons.

Pythians Elect Bieler.

Washington, Sept. 29.—Supreme
Commander J. H. Bieler of Indianap-
olis was Thursday re-elected to that
office by the supreme lodge of the Im-
proved Order of Knights of Pythias.
A resolution was adopted commending
the president's course in bringing
about the Russian-Japanese peace
treaty.

Price of Oil Advanced.

Chanute, Kan., Sept. 29.—The price
of all grades of oil advanced again
Thursday. The greatest increase is
in the cheaper grades. Fuel oil and
oil grading 30 degrees were both ad-
vanced 5 cents a barrel. This is the
first advance in the price of oil grad-
ing 32 degrees since December, 1903.

Woman Killed by an Auto.

Chicago, Sept. 29.—An automobile
driven by Henry J. Merel, secretary
of a large business house in this city,
Thursday night ran down Mrs. Alina
Averson, sixty-three years old, and in-
jured her so badly that she died with-
in a short time.

Lower Retail Prices.

Washington, Sept. 29.—Secretary
Wilson of the department of agricul-
ture predicts lower retail prices dur-
ing the coming winter season for
meat, dairy products, poultry and oth-
er necessities of life because of the
enormous yields of small grain and
corn in Illinois, Minnesota, the Dako-
tas, Iowa, Nebraska and Kansas.

Georgia Desperado Killed.

Ellabel, Ga., Sept. 29.—Will E. Sims,
the desperado who has terrorized
Bryan county for weeks, was sur-
rounded and killed by deputy sheriffs
Thursday. The officers had been hunt-
ing Sims for the killing of Conductor
Julius Lansberg of the Seaboard Air
Line. Sims' body was riddled with
bullets.

DRESS SUIT CASE MYSTERY.

Affair as Far From Solution as It Was
a Week Ago.

Boston, Sept. 29.—The situation in
the dress suit case mystery is sub-
stantially the same as it was a week
ago when the gruesome find was
made near the float of the Winthrop
Yacht club. All the police have that
appears tangible and of value is the
fact of the purchase of two dress
suit cases at pawnshops in Pleasant
street and the identification of one of
them by the pawnbroker.

With the single exception of the
pawnbroker's story every clue has
been run down and satisfactory ac-
counts made of all the suspicious cir-
cumstances. A bundle of cloth-
ing found at Cottage park, a mack-
intosh picked up near Saratoga
bridge, and a quilt recovered near
Shirley point, all of which the police
for a time connected with the crime,
have been eliminated as worthless.

The bundle of clothing which was
wrapped in a paper marked "R. O.
Burnham, 2 Dalton street," was
thrown into the water after the death
of Mrs. Burnham's sister in Winthrop.
The quilt was claimed by a South Bos-
ton yachtsman whose boat had been
sunk in the harbor.

The police are now directing their
attention along two lines of investiga-
tion, the recovery of the second suit
case, and the identity of the pur-
chaser.

The work of the divers is being con-
tinued and will be until the entire bot-
tom of Winthrop bay has been cov-
ered.

TAFT STARTS FOR WASHINGTON.

Secretary of War and His Party Leave
San Francisco.

San Francisco, Sept. 29.—Secretary
of War Taft and party left Thursday
night by a special train that included
a baggage car, containing trophies in
the way of curios collected by the
party in the various countries they
visited and the gifts presented to the
secretary of war and his party on the
ceremonial visits paid by them and to
them in Japan, China and the Philip-
pines, making a curious and valuable
collection.

The train will run on overland
limited time through to Chicago via
the Southern Pacific, Union Pacific
and Chicago and Northwestern, arriv-
ing in Chicago on Sunday evening.
Secretary Taft will leave there im-
mediately via the Baltimore and Ohio
road and arrive in Washington on
Monday evening, thus making a rec-
ord run from the Orient to Washing-
ton of 14 days and 11 hours.

TO BE KING OF NORWAY.

Prince Charles of Denmark May Be
Chosen.

Copenhagen, Sept. 29.—It is learned
on high authority that should Nor-
way's throne be offered to a prince
of the house of Barnadotte and be
definitely declined during the coming
week, steps would be taken by the
storting to invite Prince Charles of
Denmark to become king of Norway.

It is believed that not more than
ten members of the storting are op-
posed to Prince Charles' candidature.
King Christian and the British court
favor it.

THE POLMATIER SISTERS

Gave a Fine Concert at Elk Hall Last Night And Play For the Dance Which Followed

The Polmatier Sisters were the center of attraction last night, when they gave their concert and played for the dance under the auspices of Brainerd lodge, B. P. O. E., at Elk hall. There was a fairly good attendance and all seemed to enjoy the program very much, most of the numbers being of a high class order. The program, while long, was varied and there was hardly a dull moment during the evening. The cornet playing of Miss Phyllis was especially fine. Mr. Hitchcock recited and made a decided hit.

This organization is the best of its kind that has ever been in Brainerd. The concert was exceptional and the music for the dance was fine.

A Genuine Surprise

John T. Imgrund, who was recently visiting in St. Paul is enthusiastic about the big festival of the German singing societies of the northwest which will be held next June in the saintly city's new auditorium and to which Brainerd will send a large delegation. While there he visited many of the societies and had the pleasure of accompanying one of them one evening when they serenaded a brother member. Twenty or more crowded upon the porch and had just aroused the worthy brother from his slumbers, when the fortissimo chorus literally brought down the house, for the floor of the porch gave away and precipitated the whole party to the ground. It is needless to say that the surprise party was a complete surprise all around.

Dangerous Vertigo.

Dizziness or Swimming of the Head Associated With a Sense of Fullness, Dull Pain or Nervous Sick Headache is a Certain Indication of an Outcome Apoplexy or Paralysis

Dr. A. W. Chase's Nerve Pills.

If the person subject to attack of dizziness or swimming of the head, commonly called vertigo, would only stop to realize that these symptoms are not a disease in themselves, not temporary ailments, but the plainest sort of warnings from nature of grave troubles of deeper origin, of an exhausted nervous system or of an oncoming apoplexy, epilepsy or paralysis, the matter would receive prompt attention. Dr. A. W. Chase knew this and provided the cure in his celebrated Nerve Pills, a medicine that brings back the glow of health and strength by its power to furnish just what the ill-fed, half starved nervous system needs, good, rich wholesome blood and nerve force or energy.

Mr. E. Smith, of No. 1 Union Street, Troy, N. Y., says,

I used to suffer constantly from nervous headache and dizzy spells. They came on at any time and in any place—I was never safe from them—stooping over always resulted in vertigo—my head pained me as well. I got a box of Dr. A. W. Chase's Nerve Pills and they cured the trouble rapidly, easily and completely. It is the best medicine I ever took. I am as sound as a dollar again in every particular and very glad to recommend it to any one in a similar condition as a safe and certain cure." 50c a box at dealers or Dr. A. W. SENSATIONS DEVELOP

INSURANCE INVESTIGATION IN NEW YORK REVEALS SOME INTERESTING FACTS.

MUST PRODUCE THE BOOKS

GEORGE W. PERKINS OBJECTED TO EXHIBITING THOSE OF J. P. MORGAN & CO.

New York, Sept. 29.—Several sensational incidents developed at the session of the legislative committee on life insurance investigation Thursday. The first was when George W. Perkins, vice president of the New York Life Insurance company and member of the firm of J. P. Morgan & Co., objected to producing the books of J. P. Morgan & Co. showing a certain transaction of that firm with the New York Life. Mr. Perkins offered to present a copy of the entry in question from the books, but Mr. Hughes demanded the books after several refusals on the part of Mr. Perkins. The books will be produced later.

In the course of his testimony Mr. Perkins, asked concerning the difference in the statement of "profits from securities" in the Massachusetts report of the company and of "net profits from securities" in the New York report, said: "When we get national supervision we won't have these conflicts between the different states."

Mr. Perkins testified to a number of transactions in which he represented Morgan & Co., as seller and the New York Life Insurance company as purchaser.

Another sensation was sprung later in the day when Vice President Thomas A. Buckner of the New York Life Insurance company detailed the advances made to agents and which were carried in the report to the state superintendent of insurance as "commuting renewal premiums." It was brought out as a matter of fact that these advances were loans, but were not carried as such. Mr. Buckner testified that advances were made to agents some times as inducements to leave other companies and enter the employ of the New York Life.

Situation of Conflict at Buffalo.

A situation of conflict in Buffalo in 1901 between the Equitable and the New York Life was brought out, and in order to get agents of the Equitable away from that company, liberal advances and liberal contracts were made by the New York Life. Mr. Buckner testified that these advances to agents in the Buffalo branch of the New York Life in 1902 alone exceeded by \$48,000 the amount really earned by these agents. Later Mr. Buckner acknowledged this was most extravagant and said in 1903 the amount was cut down by half and by half the remaining amount in 1904.

A copy of a contract and a confidential letter to David H. Desbecker of Buffalo, one of the agents in question, showing the inducements held out for him to enter the employ of the New York Life, was read.

While Mr. Perkins was on the stand during the afternoon there was something of a clash between the witness and Mr. Hughes, the first of anything of this nature that has occurred since the committee began its sessions. It was when Mr. Perkins was testifying to the moneys in the "Nylie" fund, of which he is trustee. Mr. Perkins did not want it to appear on the records that the agents paid part of their salaries into the fund under contract, unless the words "and bonuses" appeared. He said to Mr. Hughes that he (Mr. Hughes) was trying to get away from something, and the counsel hotly retorted that he was not, and that if Mr. Perkins would answer his question much better progress would be made with the investigation.

Henry R. Winthrop of the Equitable while on the stand presented a statement of the transfers of the stock of the Equitable at the time of its change of management and the directorate. Most of the transfers Mr. Winthrop was able to explain, but some he was not. At the time of these transfers Mr. Winthrop was the holder of twenty-five shares. He thought the actual owner was James H. Hyde, as he turned the checks for dividends over to Mr. Hyde.

Morgan Declines to Go.

Birmingham, Ala., Sept. 29.—Senator John T. Morgan of Alabama has written a letter to Chairman C. P. Shonts of the Panama canal commission declining the invitation to accompany the commission to Panama. The senator thinks nothing would be accomplished by the trip.

Suspicious Fever Cases.

Jackson, Miss., Sept. 29.—Surgeon Wasdin reports several suspicious cases of fever at Scranton. Only one death occurred from yellow fever in the state during the day, the fatality being at Hamburg. The summary of new cases is: Hamburg, 4; Gulfport, 3; Mississippi City, 2; Vicksburg, 2; Port Gibson, 1; Natchez, 9.

Will Meet at Bjorke.

St. Petersburg, Sept. 29.—Owing to the perfect weather prevailing the emperor's return to Peterhof has been delayed and M. Witte has been summoned to meet the emperor on board the imperial yacht Polar Star at Bjorke.

Meeting of Members of the Third and Fourth Ward Fire Companies Has Been Held

WITH THE FIRE COMMITTEE

Recommendations to Be Made at the Next Meeting of Council To Relieve Situation

At the last meeting of the city council the middle in the S. E. Brainerd hose company over the fact that the members do not receive any of the state appropriation was referred to the fire committee and they were instructed to meet with the companies from both the Third and Fourth wards and discuss the matter and make recommendations at the next meeting of the council.

This meeting has been held and it is understood that it has been decided what recommendations will be made. Both companies are said to be firm in the position taken, that is, that they be given a portion of the appropriation from the state, and unless they get this they will carry out their threats to resign, at least in the Fourth ward.

FOOT BALL TOMORROW

The Lineup of the Local Team for Tomorrow's Game With Aitkin is a Strong One

Tomorrow afternoon there will be a game of foot ball in this city between the high school team of Aitkin and the high school team of Brainerd. Tomorrow's game will be interesting because great pains have been taken in selecting the lineup of the home team and they expect to put up a strong front against the Aitkinites, who are conceded to be much heavier. The locals have been putting in some good work of late, however, and the game tomorrow should be one of the best of the season. This will be the first of the season and will be called at 3:30 o'clock sharp.

The following will be the lineup of the local team: Abear, re; Wray, rt; O'Brien, rg; Swanson, c; Purdy, lg; Wilson, lt; Cullen, le; Dick, qb; Saunders, fb; Ousdahl, rh; McGinnis, lh.

WHEAT IS GOOD GRADE

Fricker Brothers Buying Large Quantity Of Wheat From the Farmers of Crow Wing County

The Flicker Bros. mill is running full blast now and this is an institution that should not be overlooked in counting the enterprises of the city. A visit to the mill at this time of the year will convince one that they are busy. They are buying all of their wheat from the farmers and use nothing but wheat grown in the county for their flour. They state that the wheat is grading better this year than for the past three, which is a good indication. They have about 3,000 bushels capacity for storage purposes and are filling the mill with wheat.

YARDS ARE OVERRUN

Wheat Being Hauled to Duluth in Large Quantities and Railroads are Being Heavily Taxed

During the past two weeks the wheat shipments on the Superior division of the Northern Pacific have been unprecedented in the history of the road. Wheat from all directions has been shipped into Duluth until the yards there are overrun with cars. The grain inspection war at the head of the lakes has not helped out matters a great deal. The Superior yards are entirely empty with the result that there is a congestion at Duluth.

This traffic has affected the passenger service a great deal, and trains have all been late the past few days.

Mrs. E. J. Schlegel, Portland, Ore., suffered much with stomach trouble and pain in the side. She says: "Dr. Adler's Treatment has helped me very much. There is no soreness in my side any more. I had doctored 5 months before using your medicine." Large dollar bottles at Johnson's Pharmacy.

Get a remedy that cures. Doan's Kidney Pills make permanent cures. Testimony of Brainerd people proves it.

Here's a Brainerd case: Mrs. S. Brain, of 601 S 10th St., Brainerd, Minn., says: "I could not do otherwise than endorse Doan's Kidney Pills, and time after time I have recommended them to persons suffering from kidney trouble. I learned the value of this remedy through experience. When I first got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store I was suffering from severe symptoms of kidney complaint. There was a constant dull aching in my back and the kidney secretions were irregular and distressing. From both these causes my rest was broken at night and in the morning I was usually languid and all tired out. Doan's Kidney Pills made a great change in my condition and after continuing the treatment I was so vastly improved that I felt warranted in recommending this remedy through the local papers. I have never changed my mind about Doan's Kidney Pills and have also found that Doan's Ointment is unequalled for itching and bleeding hemorrhoids. Both these preparations should be known to every sufferer.

THEIR GOLDEN WEDDING

Capt. Connick and Wife of Fargo, the Former Brother of Mrs. Moore's of This City are Honored

Wednesday night the golden wedding of Mr. and Mrs. Samuel T. Connick of Fargo, was celebrated. He was the first candidate initiated in the El Zagal Shrine in that city, and the members of that organization raised a purse of \$500 for the gentleman. The ladies of the Eastern Star presented Mrs. Connick with a massive cake, and there were interesting ceremonies during the evening, followed by an elaborate banquet.

Hunters Report that in Lakes Where there is Wild Rice there are Thousands of Ducks

There are a lot of ducks in Northern Minnesota this fall, but they do not frequent former haunts, the change in condition being a result of the high water and excessive rains of the summer. In some of the small lakes where wild rice abounds there are thousands of ducks and many of the hunters are bringing in big bags. When it gets colder it is thought that hunting on some of the larger lakes will be better.

THE VITAL CENTER

No Man Stronger than his Stomach--Let Mi-o-na Strengthen your Digestive System.

The stomach is your vital center. No man is stronger than his stomach.

The average man measures his physical vitality by his heart, his kidneys, or his lungs. Yet it is the stomach that should first be considered when you cast up the account of health.

Every organ of the body is sustained and nourished by food which is converted into nutrition in the stomach and conveyed to every part of the system in the form of blood. For this reason, when the stomach

is strengthened with Mi-o-na and is able to convert the food into nourishment, all other organs soon become well. This explains many cures of heart, liver, or kidney diseases in the cases where Mi-o-na is used.

It is the most wonderful health restorer known, and is sold by H. P. Dunn & Co., under an absolute guarantee that it costs nothing unless it restores health. Just one little tablet out of a 50 cent box of Mi-o-na for a few days, and you will soon see a great improvement in your health.

OLD AND FEEBLE AND HELPLESS.

Despairing and Despondent Restored to Health and Happiness by
The Great Cooper and His Medicines.

Those who have followed the miraculous work of "The Great Cooper" and his medicines will be interested in a case which has just been brought to our notice.

Mrs. A. Blackmer, 76 years old, of 4015 W. 5th street, Duluth, Minn., for some time has been suffering from general debility. She had tried physicians and medicines without relief. Old and feeble and growing weaker every day she became despondent. She had given up hope of regaining her health and strength and her decline seemed rapid.

Somewhere she read of the marvelous work of "The Great Cooper." The balance of the story is best told in her own words: "I have tried various medicines but none helped me whatever. After taking the first bottle of 'New Discovery' my strength returned and I feel many years younger. I eat and sleep better and can only thank Mr. Cooper for the restoration of my health and strength."

H. P. Dunn & Co., the special agents for Mr. Cooper in this city, say that the sale of the medicines has been phenomenal and is increasing every day.

"Cooper's New Discovery," the medicine that is effecting these cures, sells for one dollar per bottle, while "Cooper's Quick Relief," the assistant remedy, costs fifty cents.

The preparations cure Rheumatism, Catarrh, Blood Diseases, Deafness, Stomach Trouble and even Paralysis.

ARGUMENTS OF PACKERS.

Presented Before Judge Humphrey at Chicago.

Chicago, Sept. 29.—Thursday afternoon Judge Humphrey heard the closing arguments on the plea of abatement filed by the packers against the indictment charging them with illegal methods of conducting business. The court declared that while it was possible that he would hand down his decision Friday it is not certain that he will do so. The grounds on which the abatement of the indictment is sought by the packers are that the grand jury returning the indictment was illegal because it was not publicly drawn, as required by law; that the defendants were deprived of their right to challenge the jurors; that Judge Bethea, sitting in the Eastern division of the Northern district of Illinois, had no right to receive the return of an indictment returned from the Northern district of the same division; that one member of the jury was not legally made a member of that body; and that the government officials had not the right to reproduce before the grand jury a transcript of evidence previously heard by them unsworn and unverified, but presented as an abstract of the evidence.

THE ONE WHO CAN DO THINGS

There is Always a Demand For the Exceptional Man.

Progressive employers are always looking for the exceptional man or woman, the one who can step out from the crowd and do things in an original way, who can economize in processes, who can facilitate business. They are always looking for the earmarks of leadership, of superior ability. They are looking for the progressive employee with new ideas who can help them to be more of a success. They know very well that they can get any number of automatons—multitudes who will do a thing just well enough to keep their places—but they are looking for originality, individuality, for up to date methods. They want employees who can put things through with vigor and determination, without lagging, whining, apologizing or asking questions. Nothing can bar the advancement of employees of this kind. Nobody can keep them down. If by chance some one above you is actually trying to prevent your promotion for selfish reasons, it ought to be very flattering to you to know that he is trying to keep you back and should make you all the more determined to get ahead. It is a pretty good indication that there is some reason for his fear and that you have material in you for a better place. This should encourage you to redouble your efforts to do your work so well, to stamp such superiority upon everything you touch to acquit yourself so much better than the man who is trying to keep you down—to be so much pleasanter, so much more of a man—that it will be only a question of time when you will get the position you are striving for, or perhaps a better one.—Orison Sweet Marden in Success Magazine.

Rings at Weddings.

There is a popular idea that a ring made of gold is the only one that can be legally used in a wedding ceremony. That is, however, a fallacy. Any and every kind of ring may be used, and though gold ones are customary, there is no reason whatever why silver or any commoner metal should not be called into requisition. Numerous instances are on record of runaway marriages in which a brass ring has played the all important part, and the legality of the ceremony has never been questioned. In some cases a piece of hurriedly tied string has answered the same purpose, as have also circles cut out of card or paper. In not a few weddings where consternation has reigned on the discovery that the ring has been forgotten a door key has been used instead or a hastily severed link of a silver chain. It is only required that a ring be used, but of what nature it is not stipulated.—London Answers.

The Stars and Stripes.

A German periodical has the following story as to the origin of the stars and stripes: The idea originated with a Dane named Marker. He was born on the island of St. Croix of the Danish West Indies, where his father and grandfather had lived. In 1795 he left his native island and proceeded to Philadelphia. He was among the first to join a company of volunteers for American liberty and independence. For valor shown at Oriskany he was elected captain, and to show his gratitude he designed a flag in whose upper corner he applied the thirteen stars emblematic of the thirteen original states of the Union. This was the first occasion upon which the "star spangled banner" was unfurled. The original flag of Captain Marker is supposed to be in existence in some national collection of relics of the war of the Revolution.

Hats in Parliament.

During the reign of King John (1199) the king agreed to settle the difficulty with Philip II. of France respecting the Dutchy of Normandy by single combat. John, earl of Ulster, was the English champion, and as soon as he appeared on the field of combat his adversary put spurs to his horse and fled, leaving the earl master of the field. King John asked the earl what his reward should be. "Titles and land I want not," he replied, "but in remembrance of this day I beg the boon, for myself and my successors, to remain covered in the presence of your majesty and all other sovereigns of this realm." This request was granted and never revoked, and it is said to account for the custom in parliament of members wearing their hats.—London Standard.

Webster as a Farmer.

Webster was a scientific farmer. He believed thoroughly in the value of blooded stock. At Marshfield he had a herd of sixty or eighty head of cattle composed entirely of thoroughbred animals—of Alderneys, Ayrshires and Devons. He had several yoke of Devon oxen, which were his particular pride. Besides, there were blooded sheep and swine. All in all, Webster was considered by his neighbors the best farmer of the country. He was, moreover, a friend generous and considerate. There used to be a saying down Plymouth way that a stranger could always tell when Webster was at home by the cheerful looks of the people for ten miles around.—Oliver Bronson Capen in Country Life in America.

Mme. de Maintenon.

Once when Mme. de Maintenon, who had risen from the gutter to grandeur, was looking pensively in the golden pool at Versailles her companion, noting the fish in the crystal water, observed, "How languid the carp are." "Yes," replied the famous beauty, with a sigh, "they are like me; they miss their mud."

RADICALS ARE OUTVOTED.

Conservatives in Control of Insurance Commissioners' Convention.

Bretton Woods, N. H., Sept. 29.—The closing session Thursday night of the national convention of State Insurance commissioners was regarded as the most important of the meeting. A number of delegates desired to employ strong language in resolutions dealing with the reported irregularities in the affairs of several large life insurance companies, but the more radical commissioners were outvoted and the convention adopted resolutions along conservative lines.

The following officers were elected: President, J. V. Barry, Michigan; vice president, Theron Upson, Connecticut; secretary, John J. Brinkers, Illinois.

The convention adjourned to meet at Washington in 1906.

\$100 REWARD. \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MUSIC AND DRAMA.

"THE HOLY CITY."

Conspicuous for sagacious management and for the success of their companies presenting "A Royal Slave," Gordon and Bennett, have with this season's production, excelled in theatrical endeavor. In this great biblical drama "The Holy City," there is combined a wealth of allegory, music and spectacle, as has rarely if ever been seen. The possibilities for dramatic effect, with which the thrilling narrative of John the Baptist abounds, have been utilized with great skill and apparently great cost. The acting company is noted for its integral brilliancy; the scenes present history in radiant splendor; the stage paraphernalia, all of which is carried by the company, being of impressive beauty. The integrity of its management first called public attention to the play; its matchless performances are carrying those endorsements which honesty of purpose and skillful design command. The presentation of "The Holy City" here, will be eagerly anticipated.

A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. H. P. Dunn & Co. mfwlm
